Subject: Notice of public meeting for Dolly Sods project

Kathy:

I wanted to make you aware that we will be conducting a public meeting to discuss and review various on-going activities for the Dolly Sods project. The Dolly Sods region is located within the Former West Virginia Maneuver Area. The public meeting agenda will include presentations on a recurring review study and a public awareness action which are in progress, and a presentation on the application of modern technologies that are being utilized to ensure continued project success.

The public meeting is scheduled for Tuesday, 19 August 2003, at 7:00 p.m. The meeting will be held at the Seneca Rocks Discovery Center, located at the intersection of Routes 28 and 33, Seneca Rocks, WV.

If you would like additional information regarding the scheduled meeting, or if you have any questions regarding the Dolly Sods project, please contact myself, Rick Meadows, David Meadows, or Frank Albert.

Best regards,

Erich
