RAB Home

Welcome to the Plum Brook Ordnance Works Restoration Advisory Board Homepage!

Below and to your left, please find links to various pages of interest within our site. Site Information provides links for the history, a site description, and a list of projects. The team link provides you with a list of the team members and links to send email to some of the team. Status provides links for the current status of the project and a schedule of future events. Discussion will soon be a message board, for current discussion topics on the site. Documents contains Fact Sheets, Milestones, a searchable list of Public Repository Documents, Executive Summaries of Reports, and a downloadable copy of the Huntington District DERP-FUDS Newsletter. Photos provides links for both historical and current site photos, while Site Links contains links to other websites of interest. We are currently developing this website, so please pardon our disorganization. We hope you visit us again soon!
