A PUBLICATION OF THE PLUM BROOK ORDNANCE WORKS
RESTORATION ADVISORY BOARD AND THE US ARMY CORPS OF ENGINEERS

Quarterly Fact Sheet

January through March 1999

RAB Meeting Highlights

Helen J. Owens

International Consultants, Inc.

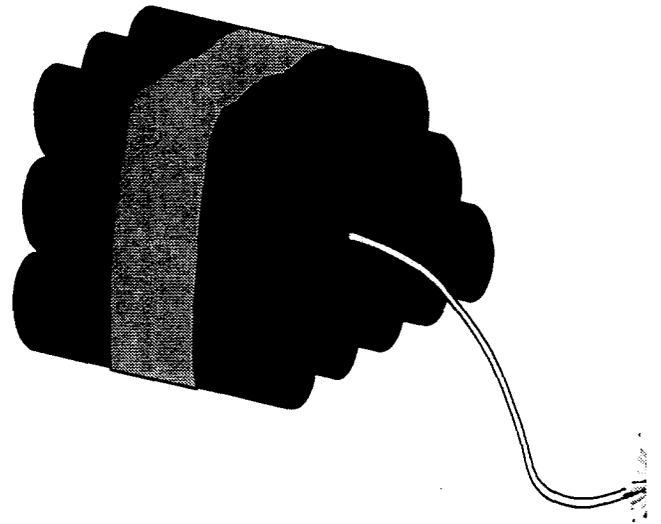

The Restoration Advisory Board for the Plum Brook Ordnance Works (PBOW) held their quarterly meeting on March 31, 1999 at the Firelands College Library. Board Co-Chairpersons, Mr. Rick Meadows of the US Army Corps of Engineers (USACE) and Mr. Mark Bohne, Community Representative, opened the meeting with introductions and proceeded with the business of the Board. Upon completion of the business portion of the meeting, the USACE provided a presentation on the Technical Assistance Public Participation (TAPP) program. An open discussion was included as part of the meeting agenda, at which time the RAB and representatives from USACE, NASA, and OEPA discussed the progress of preliminary investigations underway at PBOW.

International Consultants, Inc. (ICI), has been contracted by the USACE to provide administrative support for the PBOW Restoration Advisory Board. ICI is located in Dayton, Ohio. ♦

Current and Completed Projects at PBOW
