Dear Mr. Meadors;

The Ohio Environmental Protection Agency (EPA), Division of Emergency and Remedial Response (DERR), has reviewed the draft "Limited Site Investigation, Quality Assurance Project Plan (QAPP)" and draft "Final Report" for the Waste Water Treatment Plants 1 & 3 areas at the former Plum Brook Ordnance Works, Sandusky, Ohio. These documents were submitted to the Ohio EPA by the Corps of Engineers, on August 3, 1999 and September 21, 1999 for review and comments. The Ohio EPA, DERR is providing the following comments.

Limited Site Investigation, Quality Assurance Project Plan

1. General Comment: The Ohio EPA, DERR, would prefer to receive the Quality Assurance Project Plan under separate cover and have it referenced in all site investigation Work Plan submittals. This ensures that the QAPP will remain consistent for all field investigations.

Final Report

1. General Comment: Since the Waste Water Treatment Plants 1 & 3 areas have been recommended for further studies/action, Ohio EPA, DERR will not request changes to this document.

The Ohio EPA, DERR, approves the Quality Assurance Project Plan for the Waste Water Treatment Plants 1 & 3 areas at this time. If you have any questions or concerns regarding this correspondence please contact me at (419) 373-3147.

Sincerely

Ronald E. Nabors
