**Submittal of the Final Site Characterization Report for
Waste Water Treatment Plant 3
Former Plum Brook Ordnance Works, Sandusky, Ohio
Contract No. W912QR-08-D-0013; Shaw Project No. 132457**

Dear Ms. McClanahan:

In accordance with the requirements of Delivery Order No. DX02 of Contract No. W912QR-08-D-0013, Shaw is pleased to submit the Final Site Characterization Report (SCR) for Waste Water Treatment Plant (WWTP) 3 at the Former Plum Brook Ordnance Works (PBOW) located in Sandusky, Ohio.

Enclosed are four copies of this final report. Copies have also been sent to those on the distribution list as indicated for their records. As requested, the document was sent to the Center of Expertise and to Mr. John Blakeman (acting RAB co-chair) in electronic format only.

Should you have any questions or require additional information regarding this submittal, please do not hesitate to contact me at (865) 694-7496.

Sincerely,

Steven T. Downey, PE, PMP
Project Manager

NOTICE

The Waste Water Treatment Plant 3 Site Characterization Report (SCR) was previously submitted as the Draft Waste Water Treatment Plant 1, Waste Water Treatment Plant 3, Waste Water Treatment Plant 1 - TNTA Sewer Lines, and Waste Water Treatment Plant 1 - TNTB Sewer Lines Draft Site Characterization Report. At the request of the USACE - Nashville District, for data location and retrieval purposes, the areas of concern from the draft report were separated into individually identified SCRs. Therefore, at your discretion, you may dispose of the three-volume draft SCR in a “green” manner, as 100 percent of the data for the areas of concern are included in the individually identified Final SCRs.
