Subject: Review of Draft Work Plan and Site-Specific Safety and Health Plan for the Phase 2 Ecological Assessment of the Red Water Ponds Areas, Former Plum Brook Ordnance Works, Sandusky, Ohio

Mr. Richard Kunath
NASA Plum Brook Station
Environmental Coordinator
6100 Columbus Avenue
Sandusky, Ohio 44870

Dear Mr. Kunath:

We are planning to perform field investigations for the subject project. The enclosed Work Plan have been prepared by our contractor, IT Corporation. We hope to perform the field work in August 2000. An ecological site-walk will be conducted on 29 and 30 June 2000.

We request that you review this document and provide us with either comments or a response with no comments as soon as possible.

-2-

Our Technical Coordinator on this project is Ms. Linda Ingram. All comments or questions should be directed to her at this office. Ms. Ingram may be contacted by telephone at (615) 736-7122, or fax at (615) 736-7676. Thank you for your cooperation.

Sincerely,

Thomas W. Waters P. E.
Chief, Engineering Division
