Dear Ms. McClanahan:

In accordance with the requirements of Delivery Order No. DX05 of Contract No. W912QR-08-D-0013, Shaw is pleased to submit these final Work Plans for the Baseline Human Health Risk Assessment and the Screening Level Ecological Risk Assessment for the Power House 2 Ash pits at the Former Plum Brook Ordnance Works (PBO) located in Sandusky, Ohio. These work plans were prepared consistent with those prepared for other PBO sites and the agreements among the PBO project delivery team members. Responses to comments received on the draft work plans are attached to the documents and incorporated into the text. Note that the draft work plans reflected the site name "Ash Pit 2." The site name has been revised in these final plans to "Power House 2 Ash Pits" to be consistent with the official project name included in the Administrative Record file.

Enclosed are four copies of these final plans. Copies have also been sent to those on the distribution list, as indicated, for their records. As requested, the document was sent to the Center of Expertise in electronic format only.
