**Replacement CD's for Final Baseline Human Health Risk Assessment of Groundwater
Work Plan, Revision 1
For the Phase II Groundwater Remedial Investigation
Former Plum Brook Ordnance Works, Sandusky, Ohio
Contract Number DACA62-00-D-0002; Shaw Project Number 833886**

Dear Mrs. Ingram:

In accordance with the requirements of Delivery Order 0014 of Contract Number DACA62-00-D-002, Shaw submitted the Final Baseline Human Health Risk Assessment of Groundwater Work Plan for the Phase II Groundwater Remedial Investigation of the TNT and Red Water Pond Areas at the Former Plum Brook Ordnance Works located in Sandusky, Ohio, on October 5, 2005. This included a copy on CD. Lannae Long recently informed me that her CD copy could not be read. I found another CD and I could not read that one. Because it is likely that other copies of the CD, if not all, are likewise defective, enclosed are new CD's of the final report and appended materials. Copies have also been forwarded to recipients listed on the distribution list, quantities as indicated.

Should you have any questions or require additional information regarding this submittal, please do not hesitate to call me at (865) 694-7496.

Sincerely,

Thomas J. Siard
Risk Assessor
