**Subject:** PBOW: Response to Comments - 7th Quarterly Background Groundwater Report

Mark:

Please find attached the response to your comments dated 17 January 2004 on the subject report. Our current process is to add your comments with the responses to the 7<sup>th</sup> Quarterly Report and then we will incorporate necessary changes into the 8<sup>th</sup> Quarterly Report.

I will be glad to arrange a time for discussion on any of the responses if you desire. Just let me know and we can set it up. Actually, I am on travel almost the entire month of March, so if you can not reach me, you may want to contact Lisa or Linda. Also, we plan to have a team meeting on the afternoon of 1 April 04 prior to the RAB meeting. I know your work schedule may not allow you to attend, but you are welcome if available.

Since team members will be in the area early before the RAB meeting, we could possibly meet prior to the RAB to discuss the comment responses if necessary.

If you desire a formal reply other than this E-mail, let me know and I will officially transmit the response to comments to you under our Corps letterhead.

Thanks!

R
