Subject: Dolly Sods North Trail Reroute (Raven Ridge)

I am the one responsible for the reroute of the trail on Dolly Sods. Carol Whetsell and Jeff Hammes wanted me to contact you to see if we could get together and check out the trail reroute the week of April 11-15 or the week of April 18-22. If you can have an ordnance crew either of these weeks to clear the trail please let me know and I will make arrangements to go in with you. There is also another project in the Dolly Sods North area that needs to be cleared. They were hoping that you could work out a plan to clear this project also while you were in the area. This would probably take at least two days to clear the reroute and the project they have but may not. Please contact Amy Seimarolli of the Nature Conservance for further details about this project at 304-637-0160. Thanks.
