SUBJECT: Safety Submission for Ordnance Removal at West Virginia
Maneuver Area, Dolly Sods Wilderness Area, West Virginia

1. The enclosed Safety Submission details those plans and procedures that will be utilized to protect workers, the general public, and the environment during the removal activities at the subject site. Any additional changes made in the work plan affecting explosives safety issues will be forwarded for your review. In addition, a copy of the Work Plan and the approved action memorandum for the site is enclosed.

2. The draft Army Safety Policy for Real Property Contaminated with Ammunition, Explosives, or Chemical Agents, 27 January 1993, has been used as a guide for providing the appropriate information in this submission. In addition, ammunition and explosives safety practices identified in the DoD 6055.9-STD and AR 385-64 have been addressed to ensure safe execution of this project.

3. The Ordnance and Explosives Center of Expertise, Huntsville, has reviewed and concurs with the Safety Submission as written.
