SUBJECT: Removal Action for Dolly Sods Project

Ms. Nancy Feaks  
District Manager

HC 59, Box 240

Ms. Feaks,

Thank you for your comments in your February 22, 1994, letter regarding the Dolly Sods project. As Mr. Belew previously stated, the project has been scheduled in the FY95 program scheduled to start in the second quarter, January 1995. The Architect-Engineering (A-E) Firm's Alternatives Proposal sent to you was just that, the A-E's draft proposal for ordnance removal. Once this deliverable was obtained from the A-E, the contract was complete and the project has remained unfunded to the present day. This office has not continued reviews of the A-E's proposal as you have recently done because the project is in an unfunded status. Mr. Belew sent you the file copy of the proposal from two years ago for your comments. In January 1995, Mr. Belew will initiate a meeting with your office to begin discussions on the project and the action to be taken. Regarding environmental impacts, whatever is required by the State of West Virginia and the Wilderness Act will be included in the removal design. Your comments are good and we appreciate them. All comments and questions will be addressed when the project is funded next fiscal year.
